

# CALL FOR WORKSHOP PROPOSALS

## 21st International Conference on Computer Communications and Networks (ICCCN 2012)

<http://iccn.org/iccn12/>

München, Germany, July 30 – August 2, 2012

The 21st International Conference on Computer Communications and Networks (ICCCN) will be held in München, Germany, July 30 – August 2, 2012. About eight quality workshops will be held in conjunction with ICCCN 2012. The workshops aim to explore special topics and provide international forums for scientists, engineers, and computer users to exchange and share their experiences, new ideas, and research results on hot and broad topics on computer communications and networks. Workshops for presenting papers from industrial companies and papers on design and implementations of systems and services are also welcome. ICCCN is a premier international conference in the field and running a workshop in association with it is of high visibility.

The topics we are soliciting include, but are NOT limited to:

- Mobile Cloud Computing and Services
- Green communications and Networking
- Embedded and Real-time Networking Systems
- Cognitive Networking and Communications
- Next Generation Broadband Wireless Access Networks
- Virtualized Infrastructure Systems and Architectures
- Networking of Mobile Handheld Devices, Social Networking
- RFID and Internet of Things
- Smart Grids
- Security and Privacy in communications and networks

### Submission Guidelines and Publication:

In general, a workshop takes one day with 10-15 accepted and registered papers and presentations. Please send a workshop proposal by Nov. 15, 2011, to

Dr. Fan Zhai  
Workshop General Chair  
E-mail: [fzhai@ti.com](mailto:fzhai@ti.com)

**and cc to:** Dr. Christian Poellabauer  
Workshop General Co-Chair  
Email: [cpoellab@nd.edu](mailto:cpoellab@nd.edu)

Please note that the proposals will be reviewed once received and we will try to make the decision and send the notification back as soon as possible. **Early-bird** proposals (i.e., proposals submitted by Oct. 15<sup>th</sup>) are highly encouraged and will be given higher priority! For each approved workshop, at least one organizer must commit to attending and running the workshop on site. Please do not hesitate to send emails to the chairs if you have any questions.

The workshop proposal should include the following information:

1. Title of the workshop
2. Workshop organizer(s): name, affiliation, address, phone and fax numbers, e-mail, with the indication of the main contact person (no more than three chairs in one workshop)
3. A brief description of the proposed workshop content
4. Planned format of the workshop, e.g., number of papers, sessions, keynotes, panels, etc.
5. A description of the publicity and promotion plan
6. Tentative list of program committee members
7. Short bio of the main workshop organizers (up to 200 words)

Each workshop will start to advertise and distribute its call for paper after receiving the approval notification. Papers submitted to each workshop should be original, and, be peer reviewed by the program committee or external reviewers. An accepted paper must be registered and presented at the conference venue and must be limited to 6 pages in standard IEEE camera-ready format (double-column, 10-pt font). More updates will be posted on the ICCCN-2012 web site. Please contact the workshop chairs for any questions.

### Workshop General Co-Chairs

Dr. Fan Zhai  
Texas Instruments  
Dallas, Texas, USA  
Email: [fzhai@ti.com](mailto:fzhai@ti.com)

Dr. Christian Poellabauer  
Computer Science and Engineering Dept.  
University of Notre Dame  
Notre Dame, Indiana, USA  
Email: [cpoellab@nd.edu](mailto:cpoellab@nd.edu)

### Workshop Publicity Chair

Dr. Aaron Striegel  
Computer Science and Engineering Dept.  
University of Notre Dame  
Notre Dame, Indiana, USA  
Email: [striegel@nd.edu](mailto:striegel@nd.edu)

### Important Dates

Proposal submission due: Nov 15<sup>th</sup>, 2011  
Proposal notification due: Dec. 1<sup>st</sup>, 2011
